COMPETITIVE SUCCESS ACADEMY is a symbol of progressive and quality education. Our motto, "In Excellence We Trust" captures the essence of our spirit. In our school, children will gain an all-round education and achieve their potential not just in the academic field but also in the field of sports and creative arts. Our school is scaling new heights with excellent and reputed professionals training our children in a range of co-curricular activities and many more indoor and outdoor games.

Most importantly, at the school, we are a team of dedicated teachers and staff, committed to the welfare of the children in our care. For us teaching is a passion and a calling. The importance of instilling good values in our students is our prime objective, So we try to hone the talents of our children in a manner that they reach up to their optimal potential.

In the process they acquire skills necessary to build as well-rounded a personality as possible. We are fortunate to enlist a team of committed and passionate teachers who nurture our students on this path.

We encourage questioning as we want them to be agile in their thinking. We stoke their spirit of discovery and enquiry. As Einstein remarked-Education is not so much the feeding of facts into the mind as the awakening of curiosity in the soul. We want our students to be lifelong learners.

Our aim, importantly, is to make education a fun-filled, enjoyable, learning and growing experience on the solid foundation of values. We believe it is important to create an environment where students look eagerly forward to come to school. We want them to have fond memories of their time spent with us, long after they have left the portals of the school.

Message from the Vice-Principal

*“The future belongs to those who believe in the beauty of their dreams”
-Eleanor Roosevelt*

And here we inspire those who believe in their dreams to be better, to do better and to achieve more.

The first thing to do when bringing up a child is not to touch them, not to influence their minds but to inspire them to bloom.

Every child has the necessary intelligence to live his/her life fully. And we create a healthy atmosphere for them to grow into his intelligence, here in CSA. The only thing that we can do to our children is to give them love and support, for their intelligence to grow.

Dear youths, you are now on an uncharted path, if you go without a map, it may take lifelong/lifetime to find the road/place you want to reach.

And if you go with a map you will cross the path easily. you'll reach your destination.

Here, we show you the “Live Map” to reach your destination.

“We believe in transforming dreams into reality”
